Dear Minister:

On behalf of the Board of Directors of the Ontario Trillium Foundation, I am pleased to submit a copy of our Annual Report for the fiscal year 2003-2004.

In this report, you will find a brief narrative that details the goals achieved and the challenges met by our volunteers and staff. Also included is a list of grants made under our various programs as well as our audited financial statements.

Through the allocation of \$100 million from the government's charity casino initiative, we have enabled Ontarians to work together to enhance the quality of life in their communities. Our grants help build healthy and vibrant communities throughout the province by strengthening the capacity of the voluntary sector through investments in community-based initiatives.

The Foundation's volunteer Grant Review Teams and the members of the Board of Directors, supported by an able professional staff, continue to provide outstanding leadership. All of us share a collective pride in the Foundation's continuing accomplishments, as described in this report.

We value the effective working relationship the Ontario Trillium Foundation has with your ministry and we look forward to continuing to work together to build healthy and vibrant communities throughout Ontario.

Sincerely,

ACCOUNTABILITY, IMPACT AND ORGANIZATIONAL EFFECTIVENESS

Message from the Chair Robert G. Power

At the conclusion of the Foundation's fifth year of its expanded mandate, I look back with pride at our achievements.

My six years with the Foundation—the last five and a half as Chair—have been an incredible experience. Over these years, the Ontario Trillium Foundation has grown from a small, little-known organization into a successful provincial program with broad acceptance across the social and political spectrums of Ontario.

As I near the conclusion of my term as Chair, I look back with pride and gratitude for having led an organization that is driven by a strong and dedicated Board, outstanding Grant Review Team volunteers and capable staff. All have worked hard to achieve our goal of building healthy and vibrant communities throughout Ontario.

In the past five years, our expanded mandate saw the Foundation's rapid growth and increased grant-making in four sectors. From April 1999 to March 31, 2004, the Foundation awarded over 7,700 grants totalling over \$478 million in the four sectors it serves. We have:

- Invigorated the arts and culture sector with \$107 million in funding;
- Contributed nearly \$44 million to the not-for-profit environment sector;
- Dedicated \$230 million in grants to the human and social services sector;
- Supported the sports and recreation sector with over \$97 million in grants.

While it is very satisfying to look back over our achievements, I am particularly proud to acknowledge those who have contributed to our collective accomplishments.

We are grateful to our funder, the Government of Ontario, the Ministry of Culture and the Honourable Madeleine Meilleur for their continuing financial commitment, practical support and guidance.

We are fortunate to benefit from the commitment of our 350 volunteers. The members of our Board and the volunteers on the 16 Grant Review Teams devote countless hours to the work of the Foundation and their local communities. We are also fortunate to be supported by capable and professional staff across the province, led by Chief Executive Officer, L. Robin Cardozo. They ensure that we have the resources and tools we need to fulfill our obligations as effective stewards of public funds and I would like to acknowledge their fine work.

Many of our volunteers who have been with us since our expanded mandate in 1999 will be leaving this year as their terms expire. Our collective work would not have been possible without the hard work and dedication of the Foundation's unpaid Board and Grant Review Team volunteers.

The tenures of these accomplished community leaders included a lot of sweat and long hours but it was well worth the effort. They truly embodied the spirit of volunteerism, demonstrating what can be accomplished when people work together to turn visions into reality. Thank you.

Message from the Chief Executive Officer

L. Robin Cardozo

Over the past five years, since the adoption of our expanded mandate, we have grown in many exciting ways. We have met our granting targets, reached out to charitable and not-for-profit organizations across the province and worked to enhance the Foundation's efficiency and effectiveness.

During the past year, we refocused the Foundation's vision, mission and values, to help guide our strategic and operational directions in the coming years. Our aim is to build healthy and vibrant communities throughout Ontario.

In 2003-2004, the Foundation invested \$96,685,700 in 1,776 grants to charitable and not-for-profit organizations reflecting the diverse spectrum of interests, people and communities in Ontario.

During the year, over 137,000 volunteers contributed 3.7 million hours to initiatives supported by our grants. In addition, the Foundation supported more than 12,500 community events, celebrations and activities, which were attended by more than 6.1 million people.

Our funding is sought by thousands of organizations in Ontario. For every dollar we have available to grant, we receive three dollars in requests. For every dollar granted in 2003-2004, grantees were able to attract \$1.50 in additional resources, which included volunteer hours, in-kind donations and government and non-government contributions.

As a result of consultations with stakeholders, changes to our granting programs gave small municipalities the opportunity to benefit from our funding in the arts and culture and sports and recreation sectors. These changes were especially welcomed in communities that do not have the infrastructure of incorporated not-for-profit organizations to apply for grants in these sectors.

Our Strategic Granting Initiative for Library Boards serving municipalities of 20,000 or less, introduced on April 1, 2003, also fit within this approach. Under this special program, we awarded 215 grants, valued at \$2 million, to assist small libraries with their important work.

I would like to thank the Minister of Culture, the Honourable Madeleine Meilleur and Deputy Minister Terry Smith for their support and encouragement during the past year.

At the Foundation's Annual General Meeting in June 2004, a number of Board members will be leaving us, as they conclude their terms. I would like to take this opportunity to recognize the outstanding contributions of our Board members, and in particular, the leadership of our Chair, Robert G. Power. For the last five and a half years, Rob has led the Board with clarity, enthusiasm and sensitivity. His presence will be missed.

We are grateful also to our Grant Review Team volunteers, who capably represent the Foundation across the province. Finally, the efforts of our volunteers and the work of the Foundation are well supported by a dedicated professional staff.

As you review the summary of 2003-2004 achievements that follows, we have already embarked on Year Six of our expanded mandate, a year that holds new promises and new challenges. I am confident that, working together, we will continue to accomplish our goals and deliver exceptional value to our funder and our stakeholders across Ontario.

Ontario Trillium Foundation

Review of 2003-2004 Achievements

The Ontario Trillium Foundation Business Plan for the year covered four major performance goals. The following summarizes the organization's achievements relative to those goals.

Goal 1: Make investments to build healthy, caring and economically strong communities

Achievements:

- Approved grants during 2003-2004, with a value of \$96,685,700 representing 99.7 per cent of the grants budget for the year;
- Introduced revised Program Guidelines and conducted information sessions across the province; in particular, the Foundation provided information to the small municipalities eligible for OTF grants;
- Implemented a strategic granting program to provide one-time grants to libraries in small communities, following the completion of consultations with representatives of the library sector;
- Increased the proportion of grants for capital, renovation and equipment projects;
- Introduced, for the first time, support for high-impact national/world-class events through the Province-Wide Program;
- Further documented the impact of OTF grants on Ontario communities, including the impact on economic and community benefits, with a special emphasis on measuring the impact of OTF grants at leveraging local resources;
- Developed and implemented sector-specific and region-specific outreach strategies to facilitate achievement of sectoral targets;
- Held the biannual OTF Conference in the fall of 2003 to further develop volunteer and staff grant-making expertise.

Goal 2: Continue to strengthen accountability

Achievements:

- Implemented the recommendations of a monitoring study conducted in 2002, in order to ensure the effective and cost-efficient monitoring of the growing number of grants managed by the Foundation;
- Continued to ensure the highest level of accountability for public funds by introducing a refined risk assessment approach to further enhance the grant monitoring process;
- Further enhanced evaluation of the impact of grants by moving to the next phase of the Foundation's Program Evaluation Framework;
- Maintained customer service standards, and made improvements where appropriate, based on input received from grant applicants;
- Explored additional ways to use technology to improve customer service;
- Reviewed the practices of other grant-makers to identify and adopt best practices in efficient and effective grant monitoring;
- Continued to fine-tune organizational performance measures and focus on outcomes of OTF investment in communities.

Goal 3: Continue to strengthen organizational effectiveness

Achievements:

- Ensured that OTF has the appropriate level of resources to maintain accountability standards of effective grant-making, customer service and grant monitoring—particularly in the context of the increasing numbers of grants being managed;
- Maintained accessibility of programs across Ontario, a high level of customer service and a high ranking as a cost-effective organization;
- Enhanced computer access for the regional offices;
- Enhanced the grant classification system by implementing new grant coding procedures;
- Further developed volunteer decision-making capacity through professional development, including specific training for the new Program Guidelines;
- Implemented a new Volunteer Recognition program, approved by the Board in 2002;
- Enhanced ongoing staff and volunteer orientation programs;
- Continued to enhance the new staff performance management system;
- Within the constraints of the budget, developed staff skills and leadership through management training and other skill development opportunities.

Goal 4: Communicate broadly and enhance branding

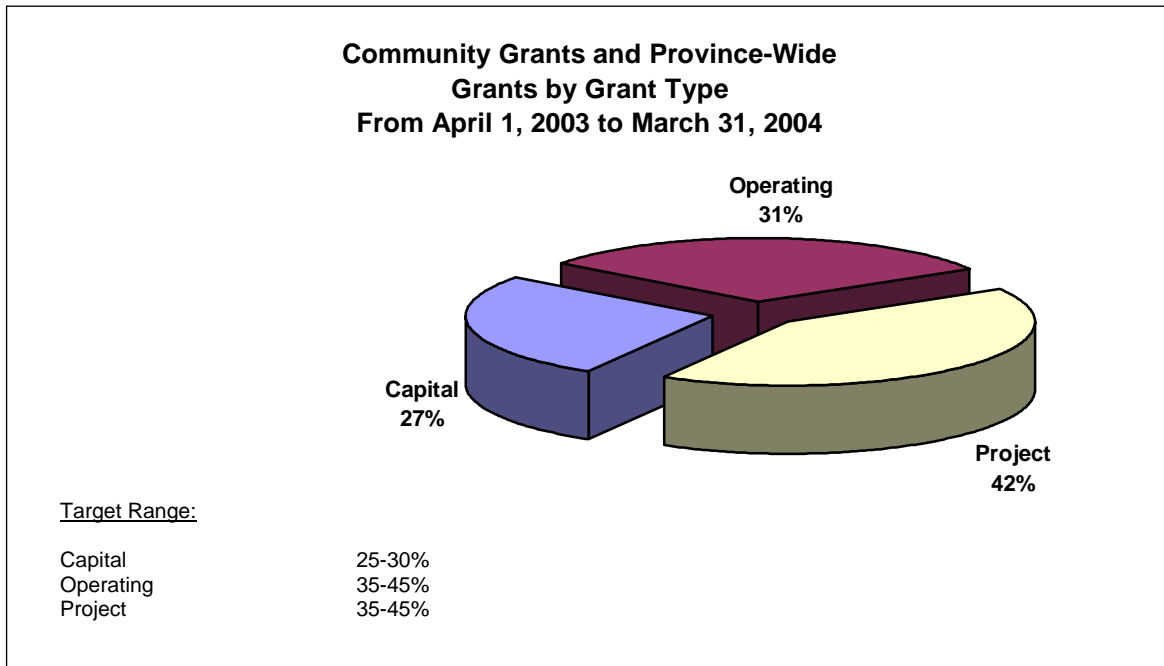

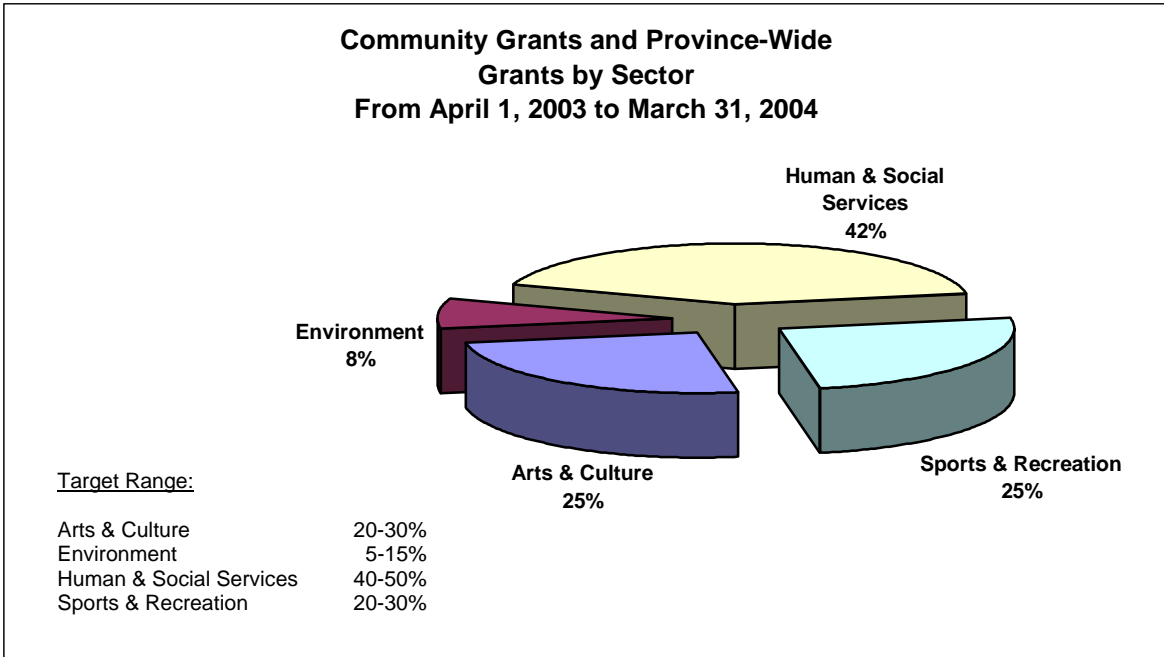

Achievements:

- Worked with the Ministry of Culture to announce the changes to the Foundation's granting programs and with OTF staff and volunteers on implementing the changes;
- Developed an implementation plan to address recommendations resulting from a provincial awareness survey conducted in 2002;
- Increased awareness of the projects funded by the Foundation by supporting grantees in promoting their work and success in their communities, achieved by maintaining or expanding the amount of media coverage generated by grantee-issued press releases;
- Implemented a comprehensive new grantee recognition program, incorporating new tools and supports for grantees;
- Hosted second Great Grants Awards program that achieved the Foundation's objectives;
- Facilitated grant recognition events totalling 586 in 2003-2004;
- Recorded in newspapers across the province 2,606 articles mentioning the Foundation and its grants, for an average of over 50 articles per week;
- Produced a province-wide report and community reports for each of our 16 catchment areas across the province;
- Participated in the planning for the 2004 Council on Foundations conference in Toronto as an opportunity to profile the achievements of the Foundation.

Financial Report

Ontario Trillium Foundation

March 31, 2004

Report on Financial Performance

- In 2003-2004, the Ontario Trillium Foundation received \$100 million from the Ministry of Culture for its Community and Province-Wide Grants Programs. Other revenue sources include investment income (\$5.2 million) and funds made available as a result of rescinded grants (\$1.6 million).
- Of this funding, \$96.7 million was pledged for Community and Province-Wide grants, and grant-making expenses and support services together amounted to \$10.2 million. The deficiency of revenue over expenses for 2003-2004 (\$0.7 million) was planned for in the OTF Business Plan for the year.
- At March 31, 2004, the Foundation held approximately \$112.3 million in investments, in short-term treasury bills and bankers' acceptances. Most of these funds (\$103.1 million) are committed to multi-year grant pledges and are invested to maximize interest income for the Foundation. Investments are made under the policy direction of the Ontario Financing Authority.
- Funds may be recovered, or future payments rescinded, in cases where circumstances (e.g. planned activities, budgets) change or where grant conditions or performance objectives are not met.
- Accumulated net assets at year-end totalled \$8.3 million, of which approximately \$800,000 was invested in capital assets and \$7.5 million represented unrestricted assets. Future investment income from the unrestricted assets will contribute towards the Foundation's operating expenditures, thereby continuing to maximize the funds available for grants.
- Volunteers make a significant contribution to the operations of the Foundation. Given the difficulty of estimating monetary value, these contributions are not reflected in the financial statements.

AUDITORS' REPORT

To the Board of Directors of Ontario Trillium Foundation

We have audited the statement of financial position of Ontario Trillium Foundation as at March 31, 2004 and the statements of operations, changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 2004 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles. As required by the Corporations Act (Ontario) we report that, in our opinion, these principles have been applied on a basis consistent with that of the preceding year.

The comparative figures for 2003 were reported on by another firm of chartered accountants.

ONTARIO TRILLIUM FOUNDATION

Notes to Financial Statements

Year ended March 31, 2004

The Ontario Trillium Foundation (the "Foundation" or "OTF"), an agency of the Ministry of Culture (the "Ministry"), is financially supported by the government of Ontario. OTF began operations as an arm's-length agency of the Ontario government on August 23, 1982 and was incorporated without share capital under the laws of Ontario under letters patent dated November 17, 1982. OTF's purpose is to build healthy and vibrant communities throughout Ontario, by strengthening the capacity of the voluntary sector, through investments in community-based initiatives.

1. Significant accounting policies:

These financial statements have been prepared in accordance with Canadian generally accepted accounting principles applied within the framework of the significant accounting policies summarized below:

(a) Revenue recognition:

OTF follows the deferral method of accounting for contributions, which include government funding. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are deferred and recognized as revenue in the year in which the related expenses are incurred.

(b) Investments:

Short-term investments, treasury bills, and bankers' acceptances are recorded at cost. Bonds are recorded at amortized cost.

(c) Grants:

Grants are recorded as expenses in the year that the Board of Directors approves the grant.

(d) Expenses:

Departmental expenses are allocated between grantmaking and support services based on the percentage of each department's activities devoted to these activities.

7. Commitments:

Future minimum annual rental payments for premises under operating leases are as follows:

2005	\$ 384,000

In relation to these leases, OTF has agreed to indemnify the Landlord against losses occurring on the lease premises which may arise out of a breach of the lease agreement.

8. Indemnification of officers and directors:

OTF has indemnified its past, present and future directors, officers, employees and volunteers against expenses (including legal expenses), judgements, and any amount actually or reasonably incurred by them in connection with any action, suit or proceeding in which the directors are sued as a result of their service, if they acted honestly and in good faith with a view to the best interests of OTF. The nature of the indemnity prevents OTF from reasonably estimating the maximum exposure. OTF has purchased directors' and officers' liability insurance with respect to this indemnification.

9. Financial assets and liabilities:

The carrying values of cash, accrued interest and other, accounts payable and accrued liabilities and grants payable approximate their fair values due to the relatively short periods to maturity of these items or because they are receivable or payable on demand.

The market value of investments is disclosed in note 2.
